Description

A1 Information display board with wheels

A1 poster stand is fitted with castors for easy placement and movement between locations. A robust poster stand with wheels offers a very versatile solution in foyers, at events and in many similar spaces. Castors can be removed for use in fixed locations.

Display your messages clearly using our double-sided information display board. With its snap-open-and-closed poster frames, our Infoboard is simple to use and has proved very popular as a display option in reception and entrance areas, colleges, universities, train and coach stations, and airports. At 6ft tall, the Infoboard stands out and makes a great impact.

- The Infoboard consists of two A1 sized snap frames mounted back-to-back mounted on an aluminium frame and supported by two sturdy legs
- Anti-glare poster covers are included with poster frames
- Excellent stability and professional appearance with attractive rounded chrome corners
- Supplied with 4 wheels - locking castors make this a versatile mobile poster stand
- Optional literature shelf available as removable accessory - displays literature both sides

A1 Info Board - perfect for temporary messages

The mobile Infoboard A1 poster stand is used to display temporary signs in many train stations and airports - for example where a service update sign is needed. The double-sided snap frames allow you to quickly change posters and even add service announcements handwritten on a sheet of A1paper.

Mobile poster stands are also perfect for exhibitions and conferences where temporary signage is required. In colleges and universities information display boards fitted with wheels are perfect for freshers' week events, signposting exam halls, academic poster displays, and for countless other situations where temporary signage needs to be wheeled into place.
