## Description

---

### Angled-head blackboard label stakes

Angled blackboard labels are made from durable outdoor-grade recycled black plastic. They are sold in packs of 10 label stakes.

Angled-head blackboard stakes are available in three sizes - ranging from the small angled label at 19cm (7-1/2 inch) tall up to the large blackboard stake 53cm (21 inches) high. See dimension image for exact sizes.

- A special feature is the textured writing surface of the label head.
- This makes our blackboard stakes suitable for liquid chalk pens (wet-wipe or fully waterproof) and also for stick chalk, to evoke that old-school charm of the blackboards of yesteryear.
- The stakes are re-usable - we suggest using an 'under-the-sink' cleaner or special waterproof pen cleaner, depending on use.

### Black plant labels suitable for many situations

Although commonly used as black plant labels in florists, nurseries and garden centres, these angled label stakes also lend themselves to many other retail situations. For example, farm shops, market stalls, greengrocers, natural cosmetics and organic produce shops can all benefit from these attractive and economical blackboard label stakes.

- The angled head makes for a convenient viewing angle when viewed from above.
- The stakes are rigid enough to stick into firm soil if required.
- Black stakes which accept writing are popular with gardeners as angled head T-labels e.g. in vegetable gardens and allotments.

## Quantity Discounts

The more you buy the cheaper they get!  
For convenience of customers who do not require large quantities we price these label stakes in sets of 10 (Pk 10).  
**If you order 5 packs** you will receive 50 stakes.  
In this case the stakes will be delivered boxed in outers of 50 stakes: you will receive a full box - which we class as 5 packs of 10. (The large stakes are boxed in 25's, so you will receive 2 boxes)  
On the same basis, **if you order 10 packs** you will receive 100 stakes.
